

LAUNCH CONFERENCE

WEDNESDAY 5TH JULY 09:00 TO 16:00

A newly formed network is being set up as part of the Everyone Matters Strategy. The 'Cleveland Police Women's Network, CPWN' will enable both female and male staff to come together and share experiences, opportunities and knowledge that is important to them. The network will also seek to develop a culture that recognises women's issues, respects and values women within the organisation. To enable us to promote the network we have organised a launch conference which will involve both internal and external speakers talking throughout the day based on the theme 'Managing Work, Managing you'. There will be lunch and refreshments available and access to stalls and stands in the canteen area for delegates to peruse during break times and lunch. The venue is the Media Briefing Centre at Ladgate Lane and the date is Wednesday 5th July starting at 09:00am and finishing at 16:00pm. To book a place, please email the SSC mailbox quoting Cleveland Police Network Launch by 28th June 2017. If you have any questions please contact Jane Gibson on X 2479'
